

**A community health centre
specialising in infectious diseases
and psychosocial support**

OUR MISSION

Offer a sustained activist response to HIV, hepatitis and other STBBIs. Defend the right to health, deploy prevention, educational, social and health actions according to a holistic approach and prevention of risks and harms in the context of sexual health, gender equality or drug use.

VISION

Continuing to develop the only community health programme of its kind in Quebec for marginalised and vulnerable people, through renewed and innovative front-line services to meet the needs of people who use drugs, who/are living with HIV, those at risk of STBBIs, or who are members of the 2SLGBTQIA+ community.
